

Using the Cricut in the Library

1. At the Cricut Station computer, open Cricut Design Space.
*You will need your own free Cricut account.
2. Click New Project or select Canvas from the Home menu.
3. Upload pictures or generate your own designs.
4. Make sure to filter your image and text search to "Free".

Printing your design

1. Click Make It button on the top right.
2. Select On Mat (size 30.5 x 30.5).
3. Turn Cricut on. Design Space will automatically detect the Cricut ("Air 2")
4. Place material on the mat.
5. Load mat into the 2 notches on the machine.
6. Hit the load/unload button.
7. Hit the flashing Cricut button.
8. When finished, press the load/unload button

Checklist

- ✓ Cricut machine is set to proper material
- ✓ Material is lined up with the upper left corner of the mat
- ✓ No bubbles on the mat (use Cricut scraper tool to remove any bubbles)
- ✓ Lines are not too thin
- ✓ Use transfer tape for intricate vinyl designs

You can find many Cricut tutorials on YouTube!

NOTE: There will be a lot of pop-ups in Cricut Design space. Just click the X to close them.
